

Department of Engineering

Computer Programming & IT

Author: Puhrajdeep Chouhan
ISBN: 978-93-81254-88-2 **Online Price Rs. 50**

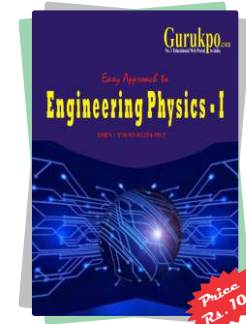

Content: Introduction & Language Translators, Programming in C, Arrays & Structures, Pointer & Functions, Number System, Binary Codes

Engineering Mechanics

Author: Mohit Dotoliya
ISBN: 978-93-81254-89-9 **Online Price Rs. 50**

Content: System of forces, Fundamental laws of mechanics, Composition of forces, Free body diagram, Lami's theorem, Rectilinear motion, plane curvilinear motion, Projectile motion, Newton's law of motion, D'Alembert's principle.

Engineering Physics

Author: Deepak Bhatra
ISBN: 978-93-81254-90-5 **Online Price Rs. 50**

Content : Interference of light, Diffraction of light , Polarization of light, Special Theory of Relativity

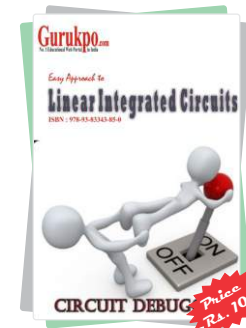

Thermodynamics

Author: Shamendra Sharma
ISBN: 978-93-83343-76-8 **Online Price Rs. 60**

Content : Introduction of Thermodynamics, First law of Thermodynamics, Second Law of Thermodynamics

Department of Engineering

Linear Integrated Circuit

Author: Sunita Poonia
ISBN: 978-93-83343-85-0 **Online Price Rs. 50**

Content: Operational Amplifiers, Operational Amplifier Applications, Active Filters, Phase-Locked Loops, Linear IC's.

Power Electronics III

Author: Apoorva Gupta
ISBN: 978-93-83343-71-3 **Online Price Rs. 60**

Content: Power Semiconductor Devices, SCR, Converters-I, Converters-II, DC-DC Converters: Choppers

Microwave Engineering I

Author: Sunita Poonia
ISBN: 978-93-83343-72-0 **Online Price Rs. 65**

Content : Wave Guides, Wave Guide Components, Klystrons, Travelling wave tubes, Magnetron

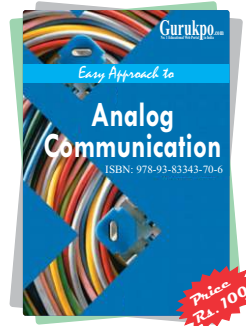

Java Programming

Author: Depti Gupta
ISBN: 978-93-83343-64-5 **Online Price Rs. 60**

Content: Introduction To Java Programming, Control statements and objects and classes, Package and Interfaces and String Handling, Exception Handling Fundamentals, Thread

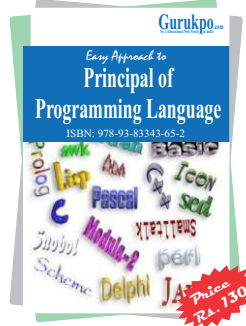

Department of Engineering

Analog Communication

Author: Mukul Sharma
ISBN: 978-93-83343-70-6 **Online Price Rs. 50**

Content: Amplitude Modulation, Frequency Modulation Noise, Noise in AM, FM

Principal of Programming Language

Author: Amrish Sharma, Deepti Gupta
ISBN: 978-93-83343-65-2 **Online Price Rs. 65**

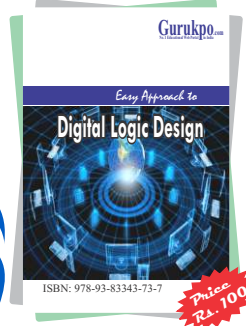

Content: Programming Language Overview, Implementation of Elementary & Structured Data Types, Sequence of Controls, Scope of Data, Basics of OOP's

Advanced Power Electronics

Author: Disha Mehtani
ISBN: 978-93-83343-81-2 **Online Price Rs. 60**

Content: AC Voltage Controllers, Inverters, Cycloconverters, DC Power Supplies, AC Power Supplies

Digital Logic Design

Author: Jeetendra Avasthi
ISBN: 978-93-83343-73-7 **Online Price Rs. 50**

Content: VHDL, Look Ahead Carry Adder, packages in VHDL, Moore machine and clock skew

3

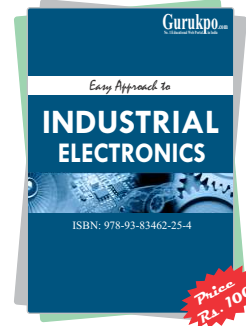

Department of Engineering

Local Administration

Author: Meenakshi Yadav
ISBN: 978-93-83343-74-4 **Online Price Rs. 65**

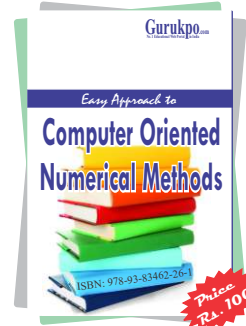

Content: Heat conduction, Thermal boundary layer, Buckingham Pi theorem and turbulent flow

Industrial Electronics

Author: Apoorva Gupta
ISBN: 978-93-83462-25-4 **Online Price Rs. 50**

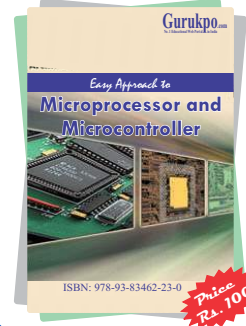

Content: Semiconductor Power Devices, Rectifiers & Inverters, Power Supplies, Motor Control, Stepper Motors

Computer Oriented Numerical Methods

Author: Swati Jain
ISBN: 978-93-83462-26-1 **Online Price Rs. 50**

Content: Types of Matrix, Gauss Elimination Method, Gauss seidal, Bisection method, Newton Raphson Method, Runge Kutta method

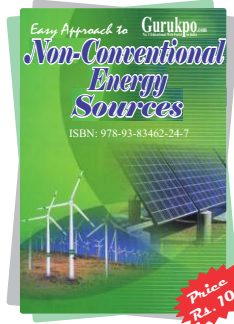

Microprocessor and Microcontroller

Author: Purva
ISBN: 978-93-83462-23-0 **Online Price Rs. 50**

Content: Introduction, 8085 Microprocessor Architecture, 8085 Microprocessor Instructions, 8085 Microprocessor Interfacing, Introduction to 8051 Microcontroller

4

Department of Engineering

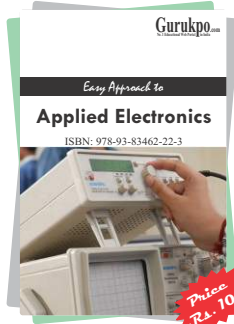

Non-Conventional Energy Sources

Author: Disha Mehatani

ISBN: 978-93-83462-24-7 **Online Price Rs. 50**

Content: Introduction, 8085 Microprocessor Architecture, 8085 Microprocessor Instructions, 8085 Microprocessor Interfacing, Introduction to 8051 Microcontroller

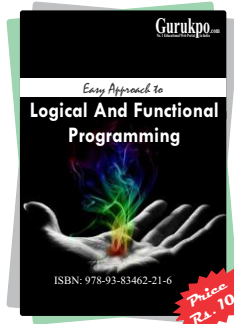

Applied Electronics

Author: Apurva Vashishth

ISBN: 978-93-83462-22-3 **Online Price Rs. 50**

Content: Feedback Amplifier, Oscillators, High Frequency, Amplifier, Tuned Amplifier, Power Amplifier

Logical and Functional Programming

Author: Deepika Shrivastava

ISBN: 978-93-83462-21-6 **Online Price Rs. 50**

Content: Propositions, Predicates, Logic programming using Prolog, Advanced Logic Programming Using Prolog, Functional Programming, Functional Programming Using Haskell

Telecommunication

Author: Monika Kiroriwal

ISBN: 978-93-83462-60-5 **Online Price Rs. 25**

Content: Transmission line, Attenuators & Filters, Telephone Transmission Transmission line Applications
