

## Information and Technology

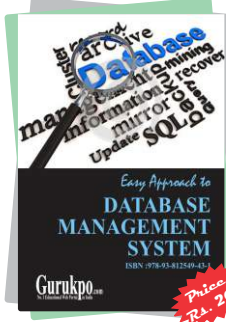

### Numerical Analysis

**Author:** Varsha Gupta (M.Sc. Maths), Poonam Fatehpuria

ISBN: 978-93-81254-42-4 **Online Price Rs. 85**

**Contents:** Computer Arithmetic and Errors, Bisection Method, Regula Falsi Method, Secant Method, Iterative Method, Gauss Elimination Method, Gauss - Jordan Elimination Method and Matrix Inversion Method etc

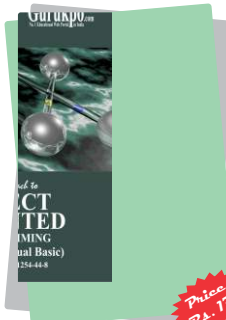

### Database Mgmt. & System

**Author :** Bhavana Sangamnerkar, M.Sc. (Computer Prog.), PGDCA Shiv Kishore Sharma

ISBN :978-93-812549-43-1 **Online Price Rs. 100**

**Contents:** Database Architecture, Data Models, Relational Algebra & Relational Calculus, Concept of Network, Types of DBMS and Data and Query Processing and Structured Query Languages etc

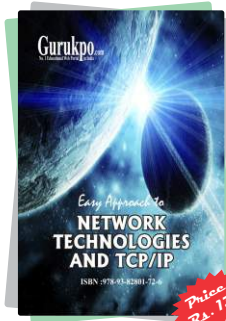

### Object Oriented Programme

**Author:** Shipra Rastogi (GNIIT, `A Level), Kritika Saxena

ISBN: 978-93-81254-44-8 **Online Price Rs. 85**

**Contents:** Basics of Object Oriented Programming, Applets, Java Interpreter and Runtime Environment, Basic Features of Java Language, Declaration of Arrays, Control Structures of Java Language, Constructors in JAVA and Nesting of Classes etc

### Networking Techn. & TCP/IP

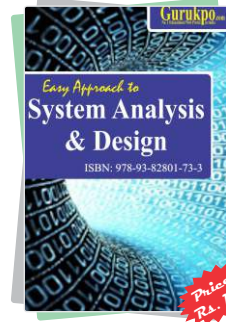

**Author:** Kusumlata, Namarta Mehta

ISBN: 978-93-82801-72-6 **Online Price Rs. 65**

**Contents:** Introduction to Computer Network, Introduction to Network Layers and Introduction to TCP/IP etc

1

## Information and Technology

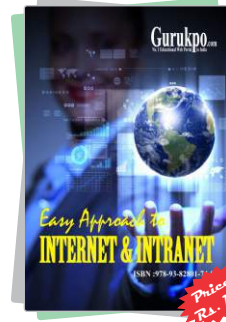

### System Analysis & Design

**Author:** Elveera Miranda (MCA), Jyoti Sharma

ISBN: 978-93-82801-73-3 **Online Price Rs. 50**

**Contents:** System Development, Data Modeling, Process Modeling, Object Modeling and Important Terms for System Analysis and Design etc

### Internet & Intranet

**Author:** Poonam Sharma (MCA, M.Sc. (IT)), Rashmi Sharma

ISBN: 978-93-82801-74-0 **Online Price Rs. 50**

**Contents:** World Wide Web, Creating and Maintaining Web Sites and Common Language on the WEB etc

### Computer Graphic & Image Pro.

**Author:** Bindiya Patel (B.E. (IT)), Ujjwala Shekhwat

ISBN: 978-93-82801-76-4 **Online Price Rs. 75**

**Contents:** Graphics Application and raster graphics, Transformation, Output Primitives, Clipping Algorithm, Visible Surface Detection, Curves and Surfaces and Image Processing etc

### Software Engineering

**Author:** Pallavi Gore (M.Sc. (IT), PGDCA), Kritika Saxena

ISBN: 978-93-82801-77-1 **Online Price Rs. 60**

**Contents:** Project Management, Software Project Management, Software Quality & Testing, Software Cost & Time Estimation, Software Design, Glossary and Bibliography etc

2

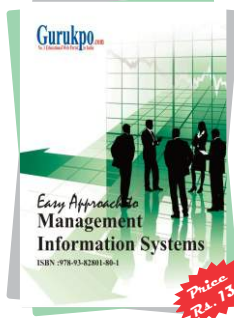

Information and Technology

**Advanced Computer Architecture**

Author: Nitika Newar (MCA), Namarta Mehta  
ISBN: 978-93-82801-79-5 **Online Price Rs. 50**

**Contents:** Anatomy of a Computers, Basic Computer Architecture, Input Output Devices, Storage Devices, History of Computers, Logic Gates & Flip Flops, Addressing Concepts and Instructions & I/O Subsystems etc

**Management Info. System**

Author: Kusumlata Bhargava, Jyoti Sharma  
ISBN: 978-93-82801-80-1 **Online Price Rs. 65**

**Contents:** Introduction to MIS , Overview of MIS, Development of MIS and Functional MIS etc

**Network Security and Cryptology**

Author: Priyamvada Pareek (MCA), Rashmi Sharma  
ISBN: 978-93-82801-81-8 **Online Price Rs. 50**

**Contents:** Block Cipher, Pseudorandom Function, Symmetric Encryption, Hash Function, Message Authentication, Asymmetric Encryption and Digital Signatures etc

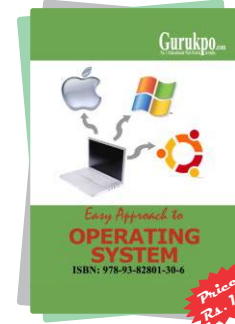

**E-Banking**

Author: Pratibha Pathak (B.Sc., MCA), Ekta Sharma  
ISBN: 978-93-82801-82-5 **Online Price Rs. 45**

**Contents:** Wireless Banking, E-Banking Risk, Risk Management of E-Banking Activities, Laws regulation and guidelines, and E-security etc

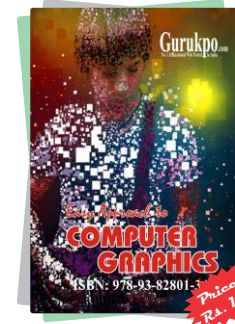

Information and Technology

**Operating System**

Author: Ms. Poonam Sharma  
ISBN: 978-93-82801-30-6 **Online Price Rs. 75**

**Content:** Introduction to Operating System, Process Management, Process synchronization and deadlocks, Primary memory management, Secondary storage management, Protection and security

**Computer Graphics**

Author: Mr Gajendra Sharma  
ISBN: 978-93-82801-34-4 **Online Price Rs. 90**

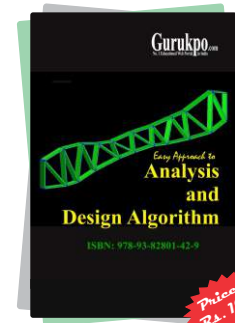

**Content:** Output Primitives, Two Dimensional Concepts Clipping Algorithm, Three dimensional concepts, Computer Animations

**Software Engineering**

Author: Ms Madhu Sharma  
ISBN: 978-93-82801-37-5 **Online Price Rs. 90**

**Content:** Introduction: Software Process Models, Project Management, Software Requirements Analysis, Requirement Engineering Process, Software System Specifications, Software Metrics and Measures, Application Systems and Design Issues

**Analysis and Design of Algorithms**

Author: Ms Rashmi Sharma  
ISBN: 978-93-82801-42-9 **Online Price Rs. 50**

**Content:** Introduction of Algorithm, Elementary Data Structure, Divide and Conquer, Graph Algorithm, Greedy Algorithms, Dynamic Programming, Backtracking, Parallel Models.

## Information and Technology

### Computer Architecture

**Author:** Shweta Nigam, Namarta Mehta  
**ISBN:** 978-93-82801-24-5 **Online Price Rs. 60**

**Content:** Combinational Circuits, Sequential Circuits, Register, I/O Interface, Instruction and Addressing Arithmetic/Logic unit, Memory, Processor, Microprocessor and Microprocessor program

### Web Technology

**Author:** Nitasha Jain  
**ISBN:** 978-93-82801-33-7 **Online Price Rs. 75**

**Content:** HTML With Tags and Attribute, Java Script, Arrays, Number Name, Object Oriented Programming DHTML, Dhtml - CSS, PHP, ODBC Connectivity & MCQ's

### Database Management System

**Author:** Nandini Parwal  
**ISBN:** 978-93-82801-25-2 **Online Price Rs. 55**

**Content:** Overview of DBMS, Architecture of DBMS, Entity Relationship Model, Introduction to Data Models Normalization, Relational Model & Query Processing, Structured Query Languages Advanced Features of SQL

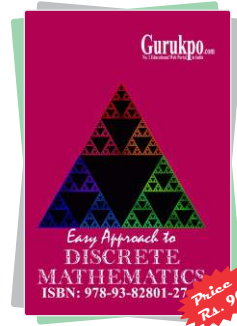

### E-Commerce

**Author:** Neha Jain, Kritika Saxena  
**ISBN:** 978-93-82801-40-5 **Online Price Rs. 45**

**Content:** Introduction of E-commerce, E-Commerce Models, Electronic Payment Systems, E-Marketing, Security Issues in E-Commerce

5

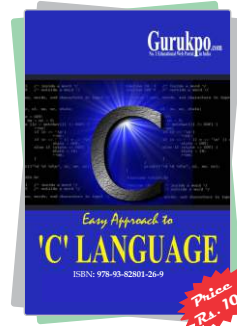

## Information and Technology

### Discrete Mathematics

**Author:** Alap Mukherjee, Poonam Fatehpuria  
**ISBN:** 978-93-82801-27-6 **Online Price Rs. 45**

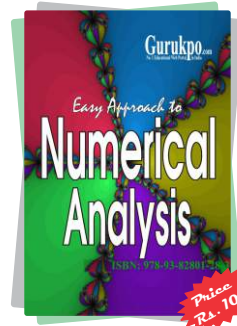

**Content:** Formal Logic and Propositional Calculus, Sets and Relations, Graph Theory, Group, Finite State Machines & Languages, Posets and Lattices and Combinatorics

### Programming In C

**Author:** Ms. Neha Jain  
**ISBN:** 978-93-82801-26-9 **Online Price Rs. 50**

**Content:** Problem Solving with Computers, Overview of C Programming Simple Program Construction, Functions, Arrays, Storage Classes, and Pointers

### Numerical Analysis

**Author:** Mr. Alap, Ms. Poonam Fatehpuria  
**ISBN:** 978-93-82801-28-3 **Online Price Rs. 50**

**Content:** Computer Arithmetic and Errors, Bisection Method, Regula Falsi Method, Secant Method, Newton-Raphson Method, Iterative Method, Gauss Elimination Method

### Programming in Java

**Author:** Dhanesh Gupta, Shiv Kishore Sharma  
**ISBN:** 978-93-82801-29-0 **Online Price Rs. 75**

**Content:** Features of Java, Arrays, Class & Methods, Inheritance, Interfaces, Package, Applet, String, String, Java Beans, Servlets, JDBC

6

**Information and Technology**

**Data communication Network**

Author: Ms. Jyoti  
ISBN: 978-93-82801-31-3 **Online Price Rs. 60**

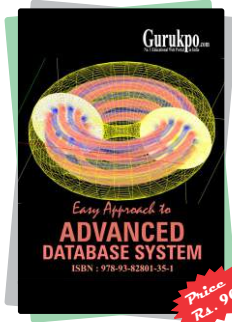

**Content:** Data Communication, Network Protocol (OSI Model), Networking Technologies, Network Switching, Network Management and Network Security

**Java Technologies**

Author: Ms. Ritu  
ISBN: 978-93-82801-32-0 **Online Price Rs. 40**

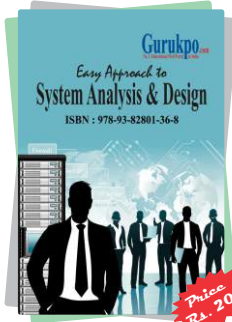

**Content:** Java 2 Enterprise Edition, Servlet, Java Database Connectivity, Java Server Pages(JSP), Java 2 Micro Edition.

**Advanced Database system**

Author: Mr. Ajay  
ISBN: 978-93-82801-35-1 **Online Price Rs. 45**

**Content:** Object-based Databases, Distributed Databases, Parallel Databases, Deductive Databases, Information Retrieval and XML Data and PL/SQL basics

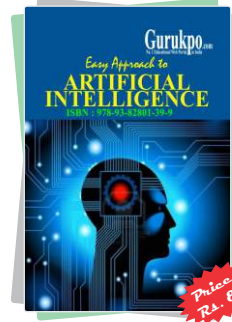

**System Analysis and Design**

Author: Ms. Ujjwala  
ISBN: 978-93-82801-36-8 **Online Price Rs. 102**

**Content:** System Concepts and Information Systems Environment, System Development Life Cycle, Systems Planning and Initial Investigation, Information Gathering, Tools of Structured Analysis, Feasibility Study, Input/output and Forms Design, Documentation, MCQs and Glossary

**Information and Technology**

**Artificial Intelligence**

Author: Ms. Sonia Bhargava  
ISBN: 978-93-82801-39-9 **Online Price Rs. 40**

**Content:** Problem solving & Search techniques, Knowledge representation, Nonmonotonic reasoning, Expert System

**Object Oriented Software Engineering**

Author: Ms. Kritika  
ISBN: 978-93-82801-41-2 **Online Price Rs. 45**

**Content:** Introduction to object oriented software engineering, Advanced Structured Modeling, Object Oriented Concepts and Project Management, Advanced Topic in S/W engineering

**Wireless Technologies**

Author: Ms. Sonia  
ISBN: 978-93-82801-43-6 **Online Price Rs. 60**

**Content:** Wireless Communication Fundamentals, Telecommunication Networks/System, Wireless LAN, Ad-HOC Networks, Support for Mobility

**ERP System**

Author: Ms. Ekta  
ISBN: 978-93-82801-44-3 **Online Price Rs. 45**

**Content:** Introduction to ERP & Related Technologies, Life Cycle of ERP, Framework Architecture of ERP, Success, Failure & Improvement in ERP, ERP Technologies, Concept of E-Governance

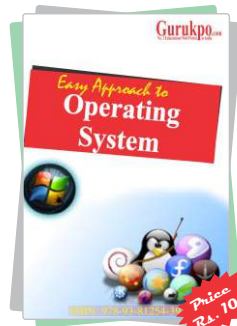

Information and Technology

**Computer Architecture**

**Author:** Micky Haldiya, Jyoti Sharma  
ISBN: 978-93-81254-38-0 **Online Price Rs. 70**

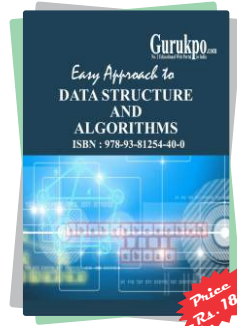

**Contents:** Anatomy of a Computers, Basic Computer Architecture, Input Output Devices, History of Computers, Logic Gates & Flip Flops, Addressing Concepts and Instructions & I/O Subsystems etc

**Operating System**

**Author:** Poonam Sharma (MCA, M.Sc. (IT))  
Ekta Sharma  
ISBN: 978-93-81254-39-4 **Online Price Rs. 50**

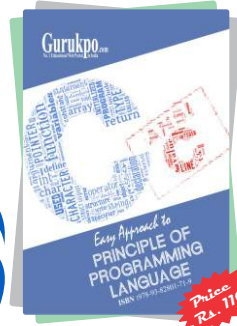

**Contents:** Process Management, Basic Synchronization Principles, Deadlocks, Device Management, Memory Management, Information Management and Distributed Systems etc

**Data Structure And Algorithm**

**Author:** Bhavana Sangamnerkar, Rashmi Sharma  
ISBN: 978-93-81254-40-0 **Online Price Rs. 90**

**Contents:** Process Management, Scheduling Mechanisms, Basic Synchronization Principles, Deadlocks, Device Management, Information Management and Distributed Systems etc

**Principle of Programming Language**

**Author:** Sandhya Saju, Dhanesh Gupta  
ISBN: 978-93-82801-71-9 **Online Price Rs. 55**

**Contents:** The Decision, Loop, Case Control Structure, Functions, Array, Structure, Arrays and Union, Pointers, File Handling, C++ programming and OOPS Concepts etc

Information and Technology

**Internet Application & Development**

**Author:** Shipra Rastogi (GNIT, 'A' Level)  
Shiv Kishore Sharma  
ISBN: 978-93-82801-83-2 **Online Price Rs. 75**

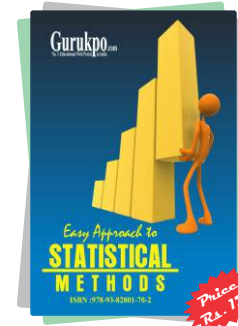

**Contents:** HTML Fundamentals, Language Features, Classes and Objects, Packages and Interfaces, Exception Handling in Java, AWT based effective GUI in Java, Applets and Threading in Java etc

**E-Commerce**

**Author:** Deepika (M.Sc. -IT), Ekta Sharma  
ISBN: 978-93-82801-84-9 **Online Price Rs. 50**

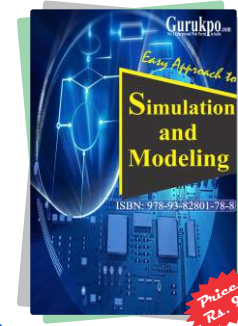

**Contents:** E-commerce & Scope of E-commerce, Client server technology, Competitive advantage and business strategy, VAN & EDI implementation, high level design and detail design and Testing, Implementation & Maintenance etc

**Statistical Methods**

**Author:** Dr Archana Dusad  
ISBN: 978-93-82801-70-2 **Online Price Rs. 60**

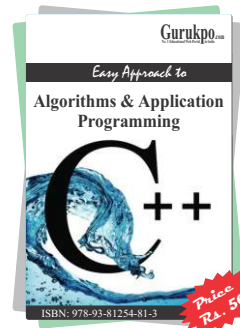

**Contents:** Classification, Tabulations, Measure of Central Tendency, Measure of Dispersion, Probability, Probability Distribution and Theory of Estimation etc

**Simulation and Modeling**

**Author:** Ms Rajini Sharma, Ujjwala  
ISBN: 978-93-82801-78-8 **Online Price Rs. 45**

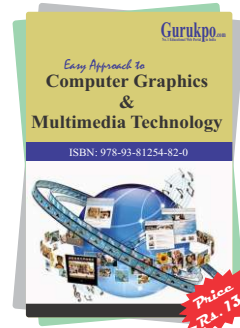

Information and Technology

**Algorithms & Application Programming**

**Author:** Nitika Newar, Namarta Mehta  
ISBN: 978-93-81254-81-3 **Online Price Rs. 25**

**Content:** Algorithmic Methodology, Conditionals & Looping, Searching & Sorting Techniques, String Manipulations, Data Structures & File Handling, Advanced Programming Concepts and First Order Predicate Calculus.

**Computer Graphics & Multimedia Technology**

**Author:** Bindiya Patel, Ujjawala Shekhawat  
ISBN: 978-93-81254-82-0 **Online Price Rs. 65**

**Content:** Graphics Application, Hardware, Transformation, Output Primitives, Clipping Algorithm, Visible Surface Detection, Curves and Surfaces, Image Processing and Multimedia

**Website Development**

**Author:** Poonam Sharma, Rashmi Sharma  
ISBN: 978-93-81254-83-7 **Online Price Rs. 55**

**Content:** World Wide Web, Creating and Maintaining Web Sites, Dynamic HTML development tools, XML, Flash, WAP and WML.

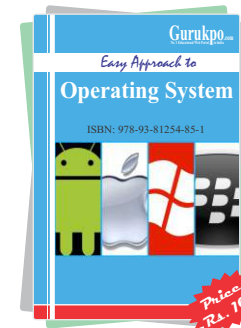

**Visual Basic Programming**

**Author:** Dhanesh Gupta  
ISBN: 978-93-81254-84-4 **Online Price Rs. 50**

**Content:** Integrated Development Environment, Basic Programming concepts, Procedural Programming, Branching, Looping Constructs, Array Declaration, Programming Methodologies, Active X Components, Object Oriented Programming and Automating etc

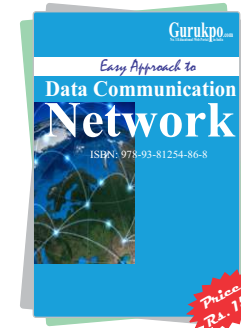

Information and Technology

**Operating System**

**Author:** Poonam Sharma, Ekta Sharma  
ISBN: 978-93-81254-85-1 **Online Price Rs. 50**

**Content:** Computer Software, Operating System, Information Management, Process Management, Memory Management, Parallel Processing, DOS Operating System, Commands of DOS, UNIX & WINDOWS and Windows Operating System

**Data Communication Network**

**Author:** Kusumlata Bhargava, Ujjawala Shekhwat  
ISBN: 978-93-81254-86-8 **Online Price Rs. 75**

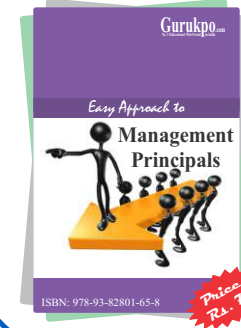

**Content:** Data and Information, Database Architecture, Centralized and Distributed Databases Data Models, Relational Algebra & Relational Calculus, Concept of Network, Types of DBMS, Data and Query Processing, Structured Query Languages

**DBMS**

**Author:** Bhavana Sangamnerkar, Ritu Kumawat  
ISBN: 978-93-81254-87-5 **Online Price Rs. 75**

**Content:** Data and Information, Database Architecture, Centralized and Distributed Databases Data Models, Relational Algebra & Relational Calculus, Concept of Network, Types of DBMS, Data and Query Processing, Structured Query Languages

**Management Principals**

**Author:** Ekta Sharma  
ISBN: 978-93-82801-65-8 **Online Price Rs. 35**

**Content:** Management Meaning and nature, Planning, Decision making, Organizing, Communication, Motivation, Leadership, Control and Management of change

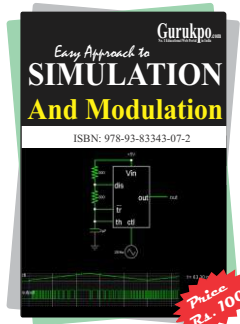

Information and Technology

**Dataware Housing**

Author: Vijita Pareek, Ajay Sharma  
ISBN: 978-93-82801-85-6 **Online Price Rs. 40**

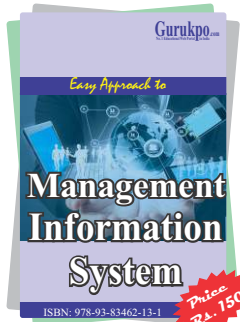

**Content:** Introduction of Data Warehouse, System processes, Process Architecture, Database Schema, Aggregations, Security and Data mining

**Simulation & Modulation**

Author: Anju Bhatt, Ujjawala Shekhawat  
ISBN: 978-93-83343-07-2 **Online Price Rs. 50**

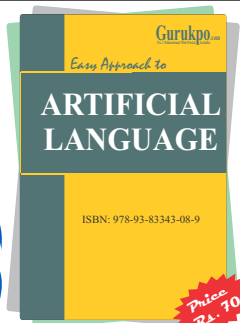

**Content:** Introduction & Motivation, System Dynamic, Discrete System Simulation, Model Validation, Design of simulation experiments and Output Analysis, Languages for Discrete System Simulation, Generation of random numbers and their applications

**Management Information System**

Author: Kusumlata Bhargava  
ISBN: 978-93-83462-13-1 **Online Price Rs. 75**

**Content:** Introduction to MIS, Overview of MIS, Development of MIS and Functional MIS

**Artificial Language**

Author: Rashmi Sharma  
ISBN: 978-93-83343-08-9 **Online Price Rs. 35**

**Content:** Introduction, Knowledge Representation and Expert System

Information and Technology

**Advanced Internet Application Development**

Author: Peeyush Pareek, Shiv Kishore Sharma  
ISBN: 978-93-83462-27-8 **Online Price Rs. 50**

**Content:** Introduction to VB Script, JSP and JDBC

**E-Commerce**

Author: Mukta Sharma  
ISBN: 978-93-83462-15-5 **Online Price Rs. 50**

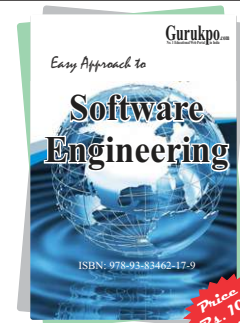

**Content:** E-commerce framework, Network infrastructure for e-commerce, Network security, Security and privacy issues, Consumer oriented Application, VAN & EDI implementation

**Fundamentals of IT**

Author: Kusumlata Bhargava, Ujjawala Shekhawat  
ISBN: 978-93-83462-16-2 **Online Price Rs. 50**

**Content:** Information System, Electricity, Computer System Fundamentals, Anatomy of Computer, Input Devices, Output Devices and Input and Output Devices

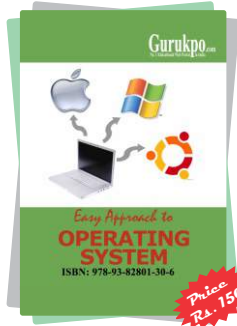

**Software Engineering**

Author: Pallavi Gore, Anju Bhatt  
ISBN: 978-93-83462-17-9 **Online Price Rs. 50**

**Content:** Introduction to Software Engineering, System Analysis, Software Project Management, Software Quality & Testing, Software Cost & Time Estimation and Software Design

## Information and Technology

### Operating System

**Author:** Ms. Poonam Sharma

**ISBN:** 978-93-82801-30-6 **Online Price Rs. 75**

**Content:** Introduction to Operating System, Process Management, Process synchronization and deadlocks, Primary memory management, Secondary storage management, Protection and security

### Computer Graphics

**Author:** Mr Gajendra Sharma

**ISBN:** 978-93-82801-34-4 **Online Price Rs. 90**

**Content:** Output Primitives, Two Dimensional Concepts Clipping Algorithm, Three dimensional concepts, Computer Animations

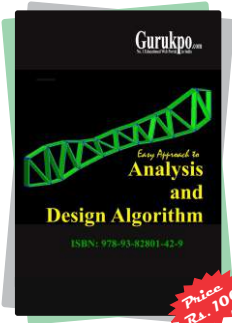

### Software Engineering

**Author:** Ms Madhu Sharma

**ISBN:** 978-93-82801-37-5 **Online Price Rs. 90**

**Content:** Introduction: Software Process Models, Project Management, Software Requirements Analysis, Requirement Engineering Process, Software System Specifications, Software Metrics and Measures, Application Systems and Design Issues

### Analysis and Design of Algorithms

**Author:** Ms Rashmi Sharma

**ISBN:** 978-93-82801-42-9 **Online Price Rs. 50**

**Content:** Introduction of Algorithm, Elementary Data Structure, Divide and Conquer, Graph Algorithm, Greedy Algorithms, Dynamic Programming, Backtracking, Parallel Models.
