TRAINING & PLACEMENT CELL

From the **TPO's** Desk

It's a privilege for me to lead our students into a realm where education transcends mere knowledge acquisition, serving as a portal to meaningful avenues. We are committed to molding the future by blending potential with expert guidance and ambition with tangible achievements. Our institution prides itself on going beyond the traditional role of academic placement. We strive to be architects of the future, fostering strong industry, academia collaborations and nurturing the next generation of skilled professionals. In alignment with our mission, we place a special emphasis on promoting diversity and enhancing the representation of woman across all sectors. This year, we've partnered with over 100 companies across various industries. These opportunities range from summer internships to full-time positions, allowing you to apply what you've learned in the classroom to real-world scenarios. To help you prepare, we offer a range of services, including resume workshops, mock interviews and carrier counselling sessions. These resources are designed to equip you with the skills necessary to excel in the job market. Every year, we organize an industrial visits for students from all disciplines to explore prominent industries in Jaipur, providing them with hands-on experience that enriches their learning and prepares them for their future career. Together, our impact can be profound!

oorja 2024

... Feel 360° positive change in your life

Oorja Orientation Program

Biyani Group of Colleges organized a 10-day orientation program - "Oorja" with a fresh approach. The program featured speakers from India and abroad, including motivational speakers Dr. Anubhav Lambha, retired IPS officer Laxman Gaur, Mr. Vishal Kumar Hotla, and Dr. Satish Handa. They hold sessions on topics such as confidence building, civil services preparation, money management, effective communication, and confidence tips. Director Dr. Sanjay Biyani focused on Lord Krishna's message, positivity, AI in technology, entrepreneurship, and creative English learning. The event also featured renowned personalities like dancer Meena Sapera and RJ Sufi.

Principal Dr. Dhyan Singh Gothwal discussed women's safety in society, stressing that illiteracy and male dominance lead to misbehavior with women, and urged education to improve societal thinking and safety.

On the last day of the program, the motivational seminar was organized jointly by the Biyani Group of Colleges and Samyak Institute. Retired IPS officer Mr. Laxman Gaur highlighted the societal value of IAS and RAS, motivating students for civil services. Deputy Commissioner Mr. Kaushal Bhardwaj encouraged students to pursue their dreams with determination. The program ended with a vote of thanks from Bed Principal Dr. Ekta Pareek.

SAKURA SCIENCE EXCHANGE PROGRAM

2024

The Sakura Science Exchange Program is an initiative led by the Japan Science and Technology Agency (JST) to promote scientific exchange and collaboration between Japan and other countries, particularly in Asia. The program aims to encourage international collaboration in science and technology, inspire young talent, enhance global networking, develop research and innovation, and foster cultural exchange and understanding.

In September 2024, a group of six students and one faculty member from diverse academic disciplines participated in the program. The delegation included Dr. Smriti Tiwari (Faculty Member), Ms. Asbah Khan, Ms. Diksha Dixit, Ms. Shreya Gupta, Ms. Harsheesh Kaur, Ms. Saloni Jangid, and Ms. Saloni. These participants represented various fields, including Commerce and Management, Science, Information Technology, and Pharmaceutical Studies. The delegation visited Kwansei Gakuin University, Japan, for a seven-day immersive exchange program.

The participants had the opportunity to meet Honorable Sibi George, where they discussed their future career plans in Japan. Additionally, Dr. Smriti Tiwari and Ms. Asbah Khan presented their insights to a global audience, contributing to cross-border academic dialogue. As part of their learning experience, the delegation embarked on an exciting visit to Spring-8, one of Japan's most advanced research facilities. As one of the world's three largest third-generation synchrotron radiation facilities, Spring-8 showcased Japan's leading role in global scientific innovation.

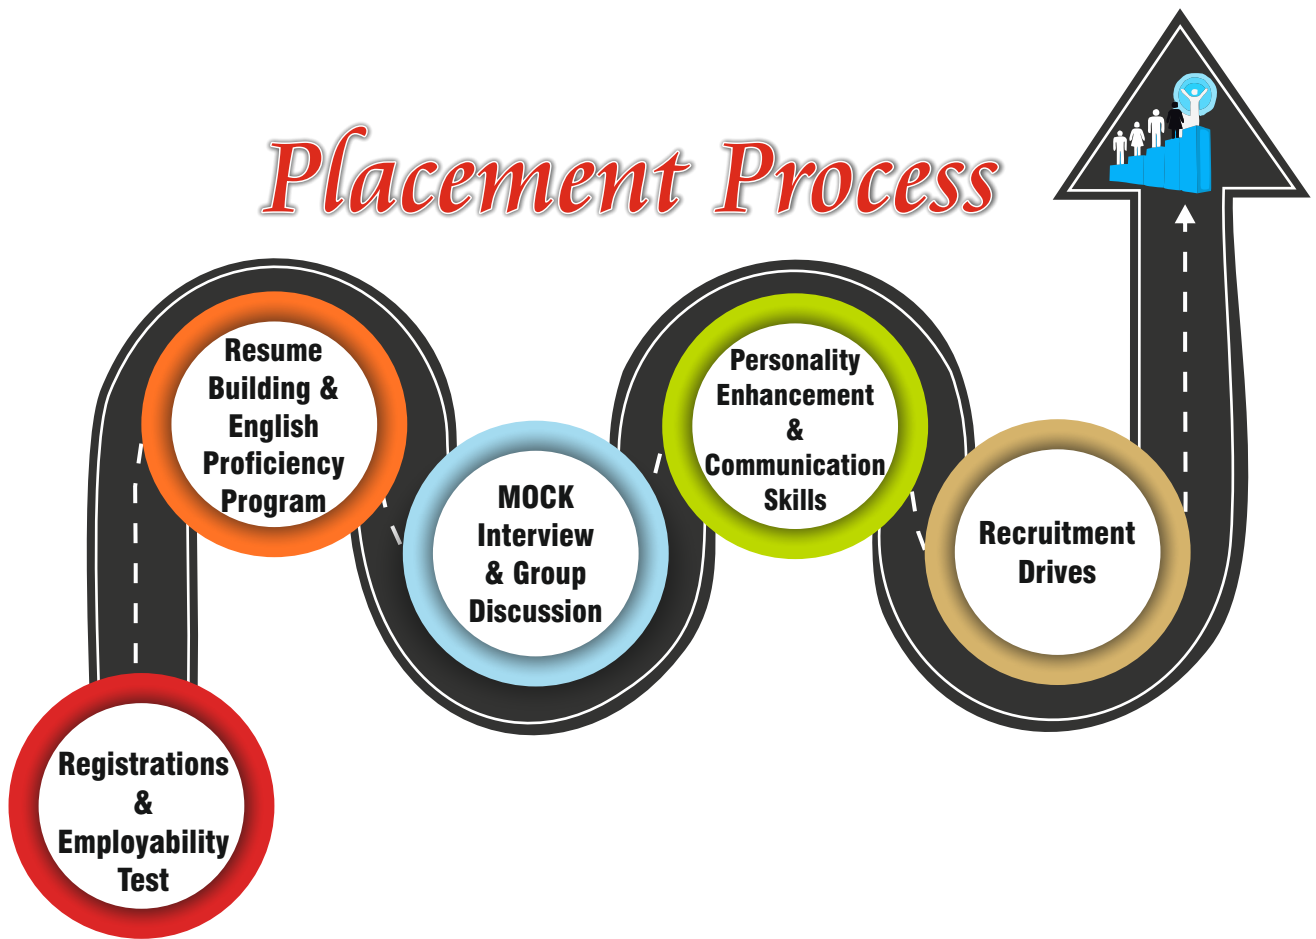

The participants also explored the cultural richness of Japan by visiting Toji Temple, a UNESCO World Heritage Site renowned for its five-story pagoda, a symbol of Kyoto. They delved into the historical and architectural significance of the temple, its serene gardens, and traditional structures, gaining deeper cultural insights into Japan's heritage. In addition to cultural experiences, the delegation visited various renowned professors' laboratories, where they engaged in hands-on experiments, including simulation exercises and molecular formation studies. They also investigated the performance of hydrogen fuel cells based on gas flow rates, specifically studying Hydrogen, Oxygen, and Nitrogen.

Another highlight of the program was the visit to the FC Showcase, where participants explored futuristic energy solutions. They learned about direct hydrazine fuel cell vehicles, zero-emission vehicles of the future, and electricity generation directly from hydrazine hydrate, which can be transported in a plastic container without requiring a precious metal catalyst. This exposure to cutting-edge technologies provided them with valuable insights into sustainable energy solutions.

As a result of the program, two students, Asbah Khan and Diksha Dixit, were selected to pursue their master's degrees at Kwansei Gakuin University, reflecting the program's impact on academic and career advancement. The Sakura Science Exchange Program provided an invaluable opportunity for students and faculty to experience Japan's advanced scientific and technological landscape. The exchange facilitated international collaboration, enhanced research exposure, and strengthened cultural ties, contributing to a promising future in global scientific innovation.

Placement Process

HR CON LAVE 2024

December 20-22, 2024

The HR Conclave 2024 was successfully held from December 20 to 22, bringing together esteemed HR professionals from diverse sectors including healthcare, banking, pharmaceuticals, IT, and international business. The event featured expert insights from representatives of prominent organizations such as Axis Bank, Dell Technologies, CK Birla Group, Fortis Healthcare, Mahaveer Cancer Hospital, Yes Bank, Toho International (Japan), and Start IT Solutions.

The conclave centered around the theme **"Shaping Global Workforce Strategies"**, with discussions focused on evolving career opportunities, innovative business ideas, and the future of work in a rapidly globalizing world. The event provided a valuable platform for students and professionals to gain exposure to industry trends, recruitment expectations, and entrepreneurial insights from across the globe.

VOICE OF THE STUDENTS

My Life at Biyani Institute of Science & Management was awesome. My 2 years journey experience at BISMA was great and memorable. The best thing about the college was being a part of supportive environment, where everyone focused, helped each other and I was encouraged to succeed as individual. The relationship between faculty and students was very cordial and vibrant. There is International Student Cell facility at Institutional level, which is taking care of all students and always ready to solve their problems.

Sheetal Sharma

As I stand amidst the sea of Post graduates at Biyani, I am flooded with memories of my transformative college journey. From the moment I stepped onto campus, I was embraced by a vibrant community of scholars and mentors who challenged and inspired me. Through countless lectures, discussions, and projects, I not only gained knowledge but also developed a deeper understanding of myself and the world around me.

Tanisha Sharma

Discover a world of possibilities at this forward-thinking college, where innovation meets tradition. With renowned faculty, state-of-the-art facilities, and a diverse student body, Biyani foster an environment where every student can excel. Biyani has given a nurturing environment where I've grown intellectually, socially, and personally. As I bid farewell to this chapter of my life, I carry with me the invaluable lessons and experiences that will guide me on the path ahead

Swati Kanwar

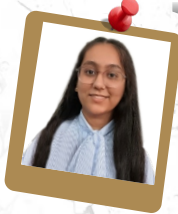

Studying at Biyani Girls College was a transformative journey filled with growth, learning, and unforgettable experiences. From the vibrant campus life to the enriching academic environment, every moment spent there shaped me into the person I am today. The college's focus on holistic development helped me gain not just knowledge but also invaluable life skills and confidence. I am grateful for the supportive faculty, inspiring peers, and the nurturing environment that made my time at Biyani Girls College truly memorable.

Himanshi Shekhawat

From my first day in Biyani, I was nurtured with the art of fairness, love and care, all focused on making me what I am today. It has not only made me academically efficient but developed my overall personality and made me ready to face the competitive world. This college proved to be one of the best decisions of my life. I acquired a lot of confidence as the college has proved various platforms of learning and attaining knowledge. Apart from all this, I am grateful for all the learning that turned me into a better version of myself and helping me to start my new journey as a Japanese Language Trainer.

Manisha Soni
MCA, Web Developer

Throughout my academic journey, I was lucky to have outstanding mentors who continually motivated and supported me, helping me achieve my best. At Biyani Group of Colleges, I explored various aspects of business, with a dual focus in Marketing and HR. This comprehensive education fueled my passion and directed me towards my career goals.

Asma Mirza
MBA (BISMA)

The MCA program at Biyani Group of Colleges is meticulously designed to bridge the gap between theoretical knowledge and practical application. The curriculum in Finance covered an extensive range of topics including financial management, investment analysis, risk management, and corporate finance. These courses provided me with a robust understanding of financial principles and the analytical skills required to make strategic financial decisions. The emphasis on real-world case studies and simulations was instrumental in developing my ability to analyse complex financial scenarios, a skill that I apply daily in my role as a Credit

Nikita Soni
Software Developer

Biyani Group of Colleges also places a strong emphasis on extracurricular activities and holistic development. Participating in seminars, workshops, and conferences on contemporary business issues and emerging trends broadened my perspective and deepened my understanding of the business environment. These events were not only educational but also excellent networking opportunities, helping me build connections with industry leaders and peers.
